## SONGS AND STORIES FOR THE SEASON OF LIGHTS

A FAMILY CONCERT FOR THE WINTER HOLIDAYS

Ring in the holiday season with Cathy's participatory family concert of songs and stories from around the world! Hear tales of Hanukah goblins and the fierce Algonquian giant from the north known as Winter. Sing songs of Christmas cheer, Hanukah candles, the best toppings for potato latke, the qualities of the individual days of Kwanza, and much more.

However this time of year is celebrated, it is a time for gathering together with songs and stories to carry us through into lighter times. Invite your community in for a concert that will bring cheer and light to all !! Cathy's diverse collection of stories and songs from near and far gives families a glimpse of the many ways people live, while validating young people's experiences and hopes.
